No flôr, acreditamos que a hotelaria começa pela curiosidade. Inspirados pelos ritmos do Porto e pela cadência das estações, os nossos menus foram pensados para acompanhar quem nos visita ao longo de todo o dia. Das manhãs de café de especialidade e pastelaria artesanal, aos snacks e petiscos descontraídos da hora do almoço e final de tarde, até às noites em que o nosso programa de cocktails ganha verdadeiramente vida. Cada uma destas expressões traduz o nosso compromisso com o saber-fazer, os ingredientes locais e uma narrativa onde criamos momentos singulares que convidam a ficar.

At flôr, we believe hospitality begins with curiosity. Inspired by the rhythms of Porto and the changing seasons, our menus are designed to accompany guests throughout the day. From the specialty coffee and handmade pastries in our Mornings, through to the fun snacking nibbles and bites we propose around lunch and aperitivo time, to the evenings, when our progressive cocktail program really comes alive. Each of these expressions reflect our commitment to craftsmanship, local ingredients and a narrative in which we create singular moments worth lingering over.

Os nossos cocktails têm raízes na sazonalidade, na sustentabilidade e na criatividade. Através de técnicas de mixologia contemporânea, procuramos elevar ingredientes simples ao fazer o aproveitamento integral do produto, criando bebidas conscientes que honram cada ingrediente. Concebidos como cocktails gastronómicos, nascem em harmonia com a filosofia do nosso projeto irmão, o Cozinha das Flores.

Our cocktails are rooted in seasonality, sustainability, and creativity. Using modern mixology techniques, we elevate simple ingredients while embracing whole-product utilisation, creating thoughtful drinks that honour every ingredient. Designed as gastronomic cocktails, they are created in harmony with the philosophy of our sister project, Cozinha das Flores.
